The values that appear on the cards have been decided by the Panini Editorial Board. These values are based on a rigorous analysis of the attacking and defensive skills of each player featured in the collection. These scores were also adapted to the special features of the FIFA WORLD CUP 2026™ ADRENALYN XL™ card game. Under no circumstances should these scores be considered as an absolute rating of the real players' different skills on the field of play. Game data and content are correct as of 20 November 2025.

Keep your cards in perfect condition by storing them in the binder. Follow the numbering shown on the checklist and insert your cards in the pockets. Remember, each pocket stores two cards - one in the front, and one in the back.
